

Garbage in and garbage out

We are obligated to sort all our garbage in Sweden.

When you have sort it in the house, you will have to take it to the containers placed on the top of the road - our two containers are the ones that say Sören Mollerup on the top. Have a great stay ☺

 The sign is oval-shaped with a brown top half and a dark grey bottom half. It features three white line-art icons: a chicken leg, a slice of pizza, and a hamburger. Below the icons, the text "MATAV FALL" is written in white capital letters. <p>MATAV FALL</p>	<p>All kind of Food Always put it in a brown paper bag.</p>
 The sign is oval-shaped with a yellow top half and a dark grey bottom half. It features three white line-art icons: an open food container, a plastic bottle, and a plastic bag. Below the icons, the text "PLASTFÖRPACKNINGAR" and "HÅRDA & MJUKA" is written in white capital letters. <p>PLASTFÖRPACKNINGAR HÅRDA & MJUKA</p>	<p>All kind of plastic</p>
 The sign is oval-shaped with a blue top half and a dark grey bottom half. It features three white line-art icons: a crumpled sheet of paper, a rolled-up newspaper, and an open magazine. Below the icons, the text "TIDNINGAR" is written in white capital letters. <p>TIDNINGAR</p>	<p>Newspapers, Paper and Magazines</p> <p>These two fractions are in the same bucket in the house, but you have to separate it at the containers</p>
 The sign is oval-shaped with a light blue top half and a dark grey bottom half. It features three white line-art icons: an open cardboard box, a carton, and a paper shopping bag. Below the icons, the text "PAPPERSFÖRPACKNINGAR" is written in white capital letters. <p>PAPPERSFÖRPACKNINGAR</p>	<p>Carton and paper bags</p> <p>These two fractions are in the same bucket in the house but you have to separate it at the containers.</p>

All kind of metal

Coloured glass

These to are in the same bucket in the house but you have to separate it at the containers.

Transparent glass

These to are in the same bucket in the house but you have to separate it at the containers.

All garbage that does not fit into the above fractions.
